**WAUKESHA CHERRY-BURRELL (AN SPX BRAND)**

Pumps: Positive displacement, centrifugal and dispersion equipment. Valves: Manual ball, butterfly and check, automated single seat shut off, throttling, divert and mix proof. Votator scrape surface heat exchangers. Fittings, clamps and tubing to 10ra finish.

**SANI-MATIC SYSTEMS**

Clean-In-Place (CIP) modules: Single to multi-tank, skid mounted complete control systems. Clean-out-place (COP) units: Wash tanks, re-circulating tanks, baskets, racks, manual and automated. Central High Pressure (CHP): Skid mounted or portable, hose stations and accessories. Conveyor wash tunnels, vat/bin washers, trays, pans, pallets and buckets.

**SAINT-GOBAIN/SANI-TECH**

High purity Teflon, silicone and PVC hose assemblies for the chemical, pharmaceutical and food processing industries. Sani-tech high purity polypropylene and PVDF rigid sanitary piping systems.

**APV COMPANY (AN SPX BRAND)**

Sanitary and industrial plate and frame heat exchangers, homogenizers. Pumps: Centrifugal, positive displacement and self priming. Valves: Control, single seat and mix proof.

**FLOWSMART/SANITARY GASKETS**

Innovative gaskets for sanitary applications. Poly Steel, Poly Flex, PTFE/Teflon, Platinum cured silicone, FKM Class IV, EPDM, Buna Nitrile. Orifice and tabbed orifice plates, screen gaskets, source gasket and O-rings.

**CERTIFIED SANITARY SERVICE AND REPAIR GROUP**

Certified service group for most major brand air valves, centrifugal and positive displacement pumps, homogenizers, heat exchanger plate testing and reconditioning. Assemblies: Custom hose fabrication, valve actuation, custom pump base fabrication and assembly.

**K-PATENTS**

Sanitary in-line process refractometer for accurate measurement of liquid concentration and Brix within various process applications.

**ENERQUIP**

Shell and tube heat exchangers for food and beverage, pharmaceutical and industrial applications.

**AGC**

Plate and frame heat exchangers: Innovative ProFlow Series, new installations, plate regasketing, reconditioning and testing.

**MURZAN**

Sanitary diaphragm pumps, tote and barrel unloading systems, 3A certified.

**STERIDOSE**

Magnetic drive mixers, diaphragm valves, aseptic connectors and sampling systems.

**AQUASYN**

High Purity Diaphragm Valves: Manual and automated, two-way and multi-port, custom configurations, electro polish to 10Ra.

**PBM**

Sanitary ball valves, manual and automated, two-way, multi-port, diverter, forged body clean steam, flush tank bottom, sampling and steam trap valve.

**FOXBORO**

Sanitary transmitters: Pressure and level. Flow Meters: Vortex, magnetic and mass. Sensors: Conductivity and pH measurement.

**ASHCROFT**

Gauges, thermometers and sanitary diaphragm seals, pressure transmitters suitable for CIP and SIP applications.

**CANTY PROCESS TECHNOLOGY**

Process visualization solutions to include sight glass, windows, vessel lighting, cameras and process particle counters.

**SPRAYING SYSTEMS**

Vessel sanitizing technology: 360 degree rotation nozzles, portable cleaning systems, tote / drum sanitizing systems.

**JORDAN/STERIFLO**

Sanitary regulators, back pressure valves and linear control valves.

**HOT WATER SYSTEMS**

Armstrong 99.7% efficient flo-direct gas fired water heaters and other hot water sets.

**TANKS AND PROCESS VESSELS**

Silos and storage tanks, process vessels, agitators and rapid mixers.

**Sanitary Process Equipment Technical Support**  
**Mark Wheaton 616-514-5514**  
**Dave Glas 616-514-5531**
