

## NON-METALLIC SPECIALTY PRODUCTS

At Galloup, we pride ourselves on partnering with leading-edge suppliers that bring the highest quality products to the non-metallic marketplace. We place great emphasis on partners that meet our high standards for delivery, training, and access to top-notch factory support. With local inventory, key partnerships, and our state-of-the-art distribution system, Galloup has proven to be a key supplier to our customers.

### Engineered Polypropylene Piping Systems

*NIRON is a complete polypropylene pipe and fitting system for the distribution of hot and cold water in plumbing and air conditioning systems, for the conveyance of drinking water and alimentary fluids, for installations in industrial plants and for the transport of compressed air and chemical substances.*

### Plastic Piping Systems for Liquids and Gases

*A leading flow solutions provider for the safe and sustainable transport of fluids. Divisions include valve and instrumentation, double containment piping, high purity piping, and secondary cooling components.*

FINISH THOMPSON INC.

### Chemical Transfer Pumps

*Offering metallic/non-metallic magdrive sealed pumps, drum/barrel pumps, vertical and multistage pumps. FTI Air is a line of high-quality, affordable AODD pumps that includes metallic, non-metallic, FDA-compliant, and conductive polypropylene models.*

### Industrial Thermoplastic Valves

*A leading manufacturer of industrial thermoplastic valves and process control products for more than 60 years.*

### Liquid Pressure & Flow Control in Plastic Piping Systems

*Manufacturer for innovative, high performing, high value thermoplastic valves and controls for demanding corrosive and ultra-pure liquid applications.*

### Plastic Pipe Fitting & Valves

*Thermoplastic piping systems including manual & automated valves, chemical waste piping, and double containment systems.*

## NON-METALLIC SPECIALTY PRODUCTS

# ANDRONACO INDUSTRIES

### PTFE Products

*A global supplier of PTFE expansion joints, PTFE Dip Pipes, sight flow indicators, and custom fluoropolymer lined piping products..*

### Corrosion Resistant Fiberglass

*Manufactures corrosion resistant Nexus reinforced filament wound fiberglass pipe and fittings, valves, and strainers, and complete FRP / GRP piping systems.*

### Fluoropolymer & Composite Products

*Specializing in the manufacture of fluid handling and sealing products specifically designed for chemical, pharmaceutical, and ultra-pure related industries.*

### Diaphragm Valves

*Specializing in valves that are designed to handle a wide range of fluids and gases, including highly corrosive toxic chemicals and abrasive slurries.*

### Air Driven Diaphragm Pumps

*The rugged construction and extra-thick pump casing of Ramparts air driven diaphragm pumps stand up to the abuses of the most demanding sludge and slurry applications.*

### FRP/GRP Pipes, Tanks, and Vessels

*High quality, engineer-to-order FRP/Dual Laminate pipe, fittings, header systems, and Fiberglass/Dual Laminate Tanks.*

### Polyethylene Ball Valves

*A leader in polyethylene valve technology, PolyValve can be used in simple water and gas applications, as well as suitable chemical service.*
