WAUKESHA CHERRY-BURRELL (AN SPX BRAND)

Pumps: Positive displacement, centrifugal and dispersion equipment. Valves: Manual ball, butterfly and check, automated single seat shut off, throttling, divert and mix proof. Votator scrape surface heat exchangers. Fittings, clamps and tubing to 10ra finish.

APV COMPANY (AN SPX BRAND)

Sanitary and industrial plate and frame heat exchangers, homogenizers and mixers; including Cavitator. Pumps: Centrifugal, positive displacement and self priming. Valves: Control, single seat and mix proof. Plate and Frame Heat Exchanger Services. These include regasketing programs, on site testing and restreaming applications.

SANI-MATIC SYSTEMS

Clean-In-Place (CIP) modules: Single to multi-tank, skid mounted complete control systems. Clean-out-place (COP) units: Wash tanks, re-circulating tanks, baskets, racks, manual and automated. Central High Pressure (CHP): Skid mounted or portable, hose stations and accessories. Conveyer wash tunnels, vat/bin washers, trays, pans, pallets and buckets.

SAINT-GOBAIN PERFORMANCE PLASTICS - FLEXIBLE COMPONENTS/SANITARY COUPLERS/PUREFIT/SANI-TECH

High Purity Teflon, Silicone, Rubber and PVC hose assemblies for the chemical, pharmaceutical and food processing industries. Sani-tech high purity polypropylene and PVDF rigid sanitary piping systems.

GOODYEAR ENGINEERED PRODUCTS (VEYANCE TECHNOLOGIES)

Industrial and Hydraulic rubber hose, fittings and complete hose assemblies. Applications include - air and multipurpose, steam, wash down, high pressure wash, food transfer (3-A, FDA and USDA), water suction and discharge, tank truck unloading, material handling, chemical transfer, petroleum transfer, oil field transfer, fracing, mining and hydraulics.

MURZAN

Sanitary diaphragm pumps, tote and barrel unloading systems, 3A certified.

ENERQUIP

Shell and tube heat exchangers for food and beverage, pharmaceutical and industrial applications.

SPENCER STRAINER SYSTEMS

Self-cleaning filter/strainer systems utilized in both Sanitary and Industrial applications. Spencer offers units that are 3A certified if required. Applications include food, toothpaste, juice, oils, peanut butter, chocolate, coatings, chemicals, paints, etc.

FLOWSMART/SANITARY GASKETS

Innovative gaskets for sanitary applications. Poly Steel, Poly Flex, PTFE/Teflon, Platinum cured silicone, FKM Class IV, EPDM, Buna Nitrile. Orifice and tabbed orifice plates, screen gaskets, source gasket and O-rings.

FABRICATION / REPAIR SERVICES - FACTORY CERTIFIED

Complete sanitary pump and valve repair is done in our Waukesha certified pump repair facility, servicing most major brand air valves, centrifugal and positive displacement pumps, homogenizers and heat exchangers. Custom sanitary pump base and skid fabrication is designed and built in house. Sanitary hose assemblies are assembled and tested in-house by our factory certified hose technicians.

TANKS AND PROCESS VESSELS

Silos and storage tanks, process vessels, agitators and rapid mixers.

DONALDSON FILTRATION SOLUTIONS

Sterile air, industrial air, culinary steam, liquid filtration products from pre-filtration to final.

HOT WATER SYSTEMS

Armstrong 99.7% efficient flo-direct gas fired water heaters and other hot water sets.

STERIDOSE

Magnetic drive mixers, diaphragm valves, aseptic connectors and sampling systems.

AQUASYN

High Purity Diaphragm Valves: Manual and automated, two-way and multi-port, custom configurations, electro polish to 10Ra.

PBM

Sanitary ball valves, manual and automated, two-way, multi-port, diverter, forged body clean steam, flush tank bottom, sampling and steam trap valve.

JORDAN/STERIFLO

Sanitary regulators, back pressure valves and linear control valves.

K-PATENTS

Sanitary in-line process refractometer for accurate measurement of liquid concentration and Brix within various process applications.

FOXBORO

Sanitary transmitters: Pressure and level. Flow Meters: Vortex, magnetic and mass Sensors: Conductivity and PH measurement.

ASHCROFT

Gauges, thermometers and sanitary diaphragm seals, pressure transmitters suitable for CIP and SIP applications.

CANTY PROCESS TECHNOLOGY

Process visualization solutions to include sight glass, windows, vessel lighting, cameras and process particle counters.
